Roadmap - Australia's Disability Strategy 2021-2031

Australia's Disability Strategy 2021-2031

Creating an inclusive community together

Working together

Everyone has a role to play. We will work across governments and communities towards our shared vision.

We will have an actionorientated approach to achieving clear goals. We will guide action and reform across Australia.

We will listen to people with disability, their families and supporters, and respect what they have to say.

Accountability

We are responsible for our actions. We will regularly report on progress, and recognise where more work is needed.

Vision

An inclusive Australian society that ensures people with disability can fulfil their potential, as equal members of the community.

Taking action

We are committed to improving the lives of people with disability through our actions:

- Targeted Action Plans, focusing on priority areas for change:
- o 2021–24: Community attitudes, employment, early childhood, safety, and emergency management
- o 2025–27: Inclusive homes and communities, community attitudes, and safety, rights and justice
- The Guide to Applying Australia's Disability Strategy to support policy development and program design across government
- · State and Territory disability plans align with the visions and goals of Australia's Disability Strategy
- Collaboration across governments to implement the Strategy

Impact

We are responsible for our actions and their impact. We are held accountable by Australia's Disability Strategy:

- Outcomes Framework
- o Quarterly updates to the data
- o Outcomes Framework dashboard
- Outcomes Framework annual report
- Reporting
 - Annual Targeted Action Plan Reports
 - Two-yearly Implementation Reports
- <u>Data Improvement Plan</u>
