Australia's Disability Strategy

The government set up **Australia's Disability Strategy**.

We call it **the Strategy** for short.

It was also called **ADS**.

The Strategy is the governments way of working together to support people with disability to live good lives.

They do this by working with

- People with disability
- The community.

This makes the community a more welcoming place for everyone.

What are Targeted Action Plans

We made small plans to help us work on the Strategy.

The small plans are called **TAPs**.

TAPs are made by **all governments** in Australia.

All governments include

- Australian Government
- State and territory governments
- Local governments.

There are 3 TAPs.

1. Community Attitudes

2. Inclusive Homes and Communities

3. Safety Rights and Justice

Queensland update

Each state and territory government have made their own **actions**.

This makes sure that they meet the needs of their communities.

Actions are the things that we will do.

Each government says how the actions will include

- People with disability

- The disability community.

QLD

This document talks about some actions
Queensland government is doing in the 3
TAPs.

We call them **QLD** for short.

Community Attitudes TAP

This TAP wants to change

- How people **behave**

Behave means

- How you act
- What you do.

- What people think about disability.

The QLD Government **Department of Families Seniors Disability Services and Child Safety** has a survey.

It is called

- The Voice of Queenslanders with Disability **survey**

Surveys have questions about your ideas

The Survey is done every year.

They do this work with

- **Queenslanders with Disability Network**

We call them **QDN** for short.

- Griffith University.

The survey has questions for

- People with disability

- Their families and carers

- Organisations that support people with disability.

The survey helps to know

- What issues people with disability have

- How things change over time.

This helps the QLD government make good

- Plans
- Programs.

The report will be shared later in the year.

Inclusive Homes and Communities TAP

This TAP wants to make

- Homes

- The community

Easier to access.

We also want them to be more welcoming.

The toolkit was made with help from people with lived experience of

- Disability
- Housing.

The toolkit will have

- Information
- Stories

This will help people with disability and their carers to

- Plan
- Choose

Housing that is right them.

The toolkit will be ready at the end of 2025.

Safety Rights and Justice TAP
